KEYBOND®

YIYAN

Immersed Glass Cutters

HOW TO USE

Remove the cap and supply kerosene or
any kind of oil using the attached syringe
careful not to lose any part as the oil
roller is made to a special structure.)
Push the cap at the top a little. Use the
roller after making sure that oil is supplied
to the roller. (Turn the roller on a paper a
little to see if oil lines appear on the paper.)
Place the roller on the glass to be cut. Put the
cutter against the roller and pull the cutter
forward while pressing a little.
The glass being cut on both ends. bend
it to both sides
For thick plates, place a ruler on the back
along the cut line, and push both ends
(using the ruler as a lever.)
